

environment::getRatioBetween
NewGillTotGill

```
graph RL; main[main] --> env["environment::getRatioBetween NewGillTotGill"];
```

The diagram illustrates a function call. On the right, a white rectangular box labeled 'main' has a blue arrow pointing left to a larger, gray rectangular box. The gray box contains the text 'environment::getRatioBetween' on the top line and 'NewGillTotGill' on the bottom line. This represents the 'main' module calling the 'getRatioBetween' function within the 'environment' namespace, specifically passing 'NewGillTotGill' as an argument.
