

environment::getADP

```
graph LR; A[environment::getADP] --> B[species::getNOTchargeMols]
```

A diagram showing a dependency between two functions. On the left, a gray rectangular box contains the text 'environment::getADP'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'species::getNOTchargeMols'. Both boxes have a black border.

species::getNOTchargeMols
