```
graph TD; A["/Users/alessandrofilisetti  
/Documents/GIT/carness/Timer.cpp"] --> B["Timer.h"]; A --> C["stdlib.h"]; B --> D["sys/time.h"];
```

The diagram illustrates the dependencies of the file `Timer.cpp` located at `/Users/alessandrofilisetti/Documents/GIT/carness/Timer.cpp`. It shows three dependency boxes: `Timer.h`, `stdlib.h`, and `sys/time.h`. Arrows indicate that `Timer.cpp` depends on both `Timer.h` and `stdlib.h`, and that `Timer.h` in turn depends on `sys/time.h`.

Timer.h

stdlib.h

sys/time.h
